

Technical drawing of a roof profile. The drawing shows a cross-section of a roof with various slopes and levels. Dimensions are given in meters (m) and centimeters (cm). The profile starts at a base level of 1.65 m, rises to a level of 1.15 m, then to 1.0 m, and finally to a peak of 1.25 m. The horizontal dimensions are 3 m, 12 m, 3 m, 10 m, 8 m, and 1 m. The drawing is labeled with 'głównego, skł. 1:10' and '1:10'.

Technical drawing of a stepped profile. The profile is shown in black lines against a background of diagonal hatching. The profile has a total width of 8 units and a total height of 7 units. The dimensions are as follows:

- Horizontal dimensions (from left to right): 1, 0.8, 2.8, 0.8, 1.
- Vertical dimensions (from bottom to top): 1.8, 1.2, 2.8.

Technical drawing of a stepped profile. The profile is defined by the following dimensions (in mm):

- Vertical dimensions (from top to bottom): 10, 3.5, 3.5, 2.5, 2.5, 6.
- Horizontal dimensions (from left to right): 2.5, 4, 2.5, 3.5, 3, 3.5, 10, 6.

The profile consists of a series of steps and a curved transition. The top surface is horizontal. The first vertical step is 10 mm high. The top surface of this step is 10 mm long. The next vertical step is 3.5 mm high. The top surface of this step is 3.5 mm long. The next vertical step is 2.5 mm high. The top surface of this step is 2.5 mm long. The next vertical step is 2.5 mm high. The top surface of this step is 2.5 mm long. The next vertical step is 6 mm high. The top surface of this step is 6 mm long. The profile ends with a horizontal surface 6 mm long.

Technical drawing of a stepped profile. The vertical dimensions on the left are 24, 1, 4, 5, 5, 1, 4, 6, 2. The horizontal dimensions at the bottom are 4.5, 3.5, 4, 1, 1.5, 1, 2.5, and a total width of 18. The profile consists of a series of steps and curves. The area to the right of the profile is hatched with diagonal lines.

A close-up photograph of a concrete corner or ledge. The concrete is light-colored and shows signs of weathering, including small pits, cracks, and areas of discoloration, particularly a yellowish-brown stain near the corner. The texture is rough and uneven. To the left, a portion of a dark window frame is visible.
